

CORA

90 % ARABICA, 10 % ROBUSTA

Roast

WE RECOMMEND

Born of passion and care

For this indulgent blend, we have used choice beans from the best coffee-growing regions in six different countries: Costa Rica, Guatemala, Colombia, Ethiopia, Brazil and India. The coffees from Brazil and India give Cora its full body, while the beans from Costa Rica, Guatemala and Ethiopia are processed wet to convey its slightly fruity notes. We have selected and blended all these coffees with the utmost care. With its well-structured body and long-lasting aftertaste, Cora is a pleasure you can enjoy at any time of day, and one of the most successful espresso blends in our range.
