

PAUL (COLD BREW)

100 % ARABICA

Roast

Preparation

Freshly ground for cold brew connoisseurs

Paul is the perfect summer refreshment and energy booster. Very versatile, this trendy drink can be enjoyed in as many ways as your creativity allows. To prepare it, fill the cold brew pot filter with 60 grams of Paul coffee powder and douse it with 1 litre of cold water. Let the pot cool in the fridge for 4-5 hours. You can serve Paul diluted with ice cubes, milk or fresh syrups.
